Department of Labor

Office of Disability Employment Policy

Working for Freedom, Opportunity, and Real Choice Through Community Employment Action Grant Initiative

Program: This Department of Labor initiative will provide support for increasing and improving employment opportunities that allow individuals with disabilities to:

1. move from nursing homes or other institutions and residential facilities into the community;
2. continue living in the community;
3. achieve economic self-sufficiency; and
4. attain full access to, and participation in their communities.

These demonstration grants will begin or expand the delivery and implementation of customized community employment opportunities for individuals with disabilities so that they may live, work, and fully participate in their communities. The purpose is to develop and document the capability of individuals transitioning from segregated environments, such as nursing homes, institutions, and segregated day environments, to:

- ✓ successfully participate in community employment through utilization of customized strategies;
- ✓ increase their earnings and economic power through participation in such employment; and
- ✓ live, work, and fully participate in their communities.

Funds: Total funds available: \$2.5 million
Range of awards: \$400,000 to \$625,000 per year
Number of awards: up to 6 grants

State Planning Grants**

Program: The Health Resources and Services Administration, through its State Planning Grants (SPG) Program, will accept applications from both states that previously have received SPG grant funds and states that have never received SPG grant funds. These grants will be used, over a 12-month period, to identify the characteristics of the uninsured within the state and develop approaches for providing all uninsured persons with access to health coverage. States will be expected to design approaches that provide affordable health insurance benefits similar in scope to the Federal Employees Health Benefit Plan, Medicaid, coverage offered to State employees, or other similar quality benchmarks. The purpose of supplemental SPG grants for states which have previously received SPG grant funds is to assist such states in continuing their data gathering, analysis, and planning processes. The supplemental grant will allow states to enhance, refine, and update the work of their initial SPG award to plan to provide all uninsured persons with health coverage.

Funds: Total funds available: \$15 million
Grant size: Up to \$150,000 for states which have previously received SPG grant funds; up to \$1.2 million for states which have never received SPG grant funds

FOUNDATION PROFILES

Home Depot Community Grants Program

- Program:** Home Depot is committed to giving back to the communities where their associates and customers live and work. The company concentrates its efforts on affordable housing, at-risk youth, the environment, and disaster preparedness and relief, and focuses its grantmaking on the following areas:
- ✓ Developing and rehabilitating affordable housing – support for neighborhood housing service organizations; community development corporations; neighborhood revitalization groups; and other organizations directly involved with the creation or rehabilitation of low-income housing.
 - ✓ At-risk youth – programs that provide children with a safe place to engage in learning activities and acquire meaningful life skills, including: organizations that work with young adults to teach construction techniques and the importance of working and solving problems together; programs that help

Women Helping Others Foundation

Funding for Grassroots Charities Serving Women and Children

Program: The Women Helping Others Foundation provides funding to grassroots organizations that serve the overlooked needs of women and children. The foundation's priorities include specific projects and programs addressing health, education, and social services. Recognizing the value of new programs created to respond to changing needs, the foundation will consider funding projects of an original or pioneering nature within an existing organization.
Deadline: September 16, 2003 for funding in 2004
Funds: Grants range from \$2,500 to \$15,000.
Eligible: Not for profit organizations. Organizations must have been incorporated for a minimum of three years prior to application. Preference will be given to organizations with an operating budget of \$2 million or less, those not dependent upon government grants, and those with program costs that exceed personnel costs.
